Company Announcement

To whom it may concern

Hotchkiss Air Supply has traded as a company within the Hotchkiss Group for many years. During this period the business has grown significantly and currently operates out of 10 locations across the UK. As both a manufacturer and distributor of ventilation products we remain focussed on offering full packaged solutions to fulfil our customer requirements.

Over the past 5 years the business has been run by Pete Slater & Jon Black in our capacity as Joint Managing Directors with a committed skilled workforce of 105 employees. The company has a very loyal and experienced staff base that we believe is one of our key strengths to understanding and servicing our customer needs.

The business has developed strong relationships with key strategic suppliers to enable us to have excellent quality products available in our warehousing facilities that are now in excess of 100,000 square feet. We are proud of our manufacturing facility in Wolverhampton that can produce Circular, Rectangular and Flat Oval products housing some of the latest state of the art equipment available in the HVAC market.

We are pleased to announce that we have purchased the business via a Management Buy Out in its entirety from the Hotchkiss Group. We are extremely focussed to ensure that we make this transition as seamless as possible to ensure service levels are maintained. The new business will trade as HAS-Vent Ltd. Over the coming weeks our Branch & Sales Managers will be in touch to ensure we continue to support you with all of your requirements.

We are passionate about what we do and the loyalty shown by our customer base is very much appreciated as we strive to offer good quality products, technical support and high service levels.

We would like to take this opportunity to thank you for your business and continued support.

Yours sincerely

Jon Black & Pete Slater
HAS-Vent Ltd
