

# Suppliers of air movement equipment in the UK

## HOTCHKISS AIR SUPPLY

### Heating, Ventilating & Air Movement Equipment

As one of the largest Ductwork Manufacturers and Suppliers in the UK we are very proud of our service and experience. Our aim is to work with our customers to provide the best solution to your needs – whether it be off the shelf products or bespoke solution to your requirements.

We are finding more and more projects require technical input and expertise in order to provide the best product for that particular installation. Our investment in product development, manufacturing facilities and highly experienced staff allows us to respond to even the most demanding ducting requirements rapidly and effectively.

## Our commitment and Service

Our investment in product development, manufacturing facilities and highly experienced staff allows us to respond to even the most demanding ducting requirements rapidly and effectively.
